

Cable Gauge

- ▶ The size bullets below will help you determine the gauge (size) of an unmarked starter cable.
- ▶ Measure the **bare conductor only**, not the insulation. Actual diameters will vary depending on specific wire stranding.

Type of Equipment	Typical Wire Ga.
Garden tractor	8, 6, 4
Compact car, RV	6, 4
Standard car	4, 2
Full size car, van	2, 1
Tractor, light truck, construction	1/0
HD tractor, truck, bus, construction	2/0, 3/0
Extra heavy duty	4/0, 250 MCM
